RESOLUTION

New Delhi, the 2nd June 1956

No. 40-L.I.(B)(57)/55.—The Government of India have decided to constitute a Committee consisting of the following members to examine the progress made so far for the manufacture of Surveying, Drawing, and Mathematical Instruments in this country, and make recommendations for the further development of this industry:—

Chairman

1. Shri A. N. Khosla, Vice Chancellor, Roorkee University.

Members

2. The Director General, Ordnance Factories, Calcutta.
3. The Superintendent of Ordnance Factory, Dehra Dun.
4. The General Manager, National Instruments Factory, Calcutta.
5. The Development Commissioner, Small Scale Industries, New Delhi.
6. Shri Lakman Prakas, Chairman, Cottage Industries Cooperative Society, Roorkee.
7. Shri V. N. Kohli, Director, Directorate General of Supplies & Disposals, New Delhi.
8. The Director, Indian Standards Institution, 19, University Road, Delhi.

Secretary

9. Shri P. Narasiah, Deputy Development Officer, Office of the Development Commissioner for Small Scale Industries, New Delhi.

2. Without prejudice to the general terms of reference mentioned above, the Committee would be particularly required—

- (1) to assess the country's requirements of these instruments in different categories and determine the gap between requirements and present manufacturing capacity.
- (2) to review the existing capacity of the Surveying, Drawing and Mathematical Instruments industry in the private and in the public sectors, and make recommendations on their programmes for production and on coordination between such programmes in such a manner that the capacity in both the sectors would be most usefully utilised.
- (3) to suggest in relation to such programmes, the priorities which may be followed by the Indian Standards Institution in prescribing certain quality standards and specifications for the articles manufactured, and until such Standards and specifications are prescribed by that Institution, to suggest interim standards and specifications which should be observed.
- (4) to recommend a suitable organisation for testing and certifying the products as conforming to the prescribed quality standards and specifications.
- (5) to suggest ways and means of establishing common facility services equipped with suitable equipment, for the benefit of the private sector.
- (6) to suggest ways and means of training the skilled workers in this field both in the country and, if necessary, outside.
- (7) to investigate and report on such other matters as the Committee may think fit regarding the development of the Instruments Industry in India.

3. The Committee will submit its Report within 3 months from the date of its constitution.

P. GOVINDAN NAIR, Joint Secy.

MINISTRY OF HEALTH

RESOLUTION

New Delhi, the 31st May 1956

No. F. 3-2/55-Estt.—The Government of India have had under consideration the question of making adequate arrangements for staffing the administrative appointments in the medical and public health field under their control. After consultation with the Union Public Service Commission they have now sanctioned the constitution of a Central Health Service consisting of all Class I and Class II Medical, Public Health and Medical Research posts under their control, excluding those under the Ministries of Railways and Defence, as provided for in the Scheme annexed. The Ministry of Health has been authorised to take all steps necessary for the implementation of the Scheme.

THE CENTRAL HEALTH SERVICE SCHEME

FOREWORD

The Scheme for the constitution of a Central Health Service owes its origin to the conditions arising from the abolition of the Indian Medical Service (Civil) with effect from the 14th August, 1947, the partition of the country and the wholesale retirement of European Officers with the transfer of power. With a view to have a co-ordinated and integrated Health Service for the country as a whole, the question of constituting an All-India Health Service in place of the late I.M.S. (Civil) was considered by the Third Health Ministers' Conference held from the 31st August to 2nd September, 1950. The Sub-Committee appointed by the Conference to consider this question did not agree to the formation of such a Health Service but recommended that active co-operation should be developed between the Centre and States and between individual States over the field of public health with the result that the idea of constituting an All-India Health Service was dropped. But the experience gained during the last few years has proved beyond doubt the need for the creation of a Central Health Service so that there may not be any dearth of well qualified and experienced personnel to man the various senior administrative appointments and research posts under the Central Government. With this object in view it has been decided to constitute the Central Health Service consisting of all Class I & Class II medical posts existing at present and all such posts which may be created later under the control of the Central Government other than those under the Ministries of Railways and Defence.

CENTRAL HEALTH SERVICE SCHEME

SECTION I—INTRODUCTORY

1. The Central Health Service referred to hereafter as the Service will be organised in the manner described in this memorandum. It will cover all the medical, public health and medical research posts and other declared posts under the Central Government other than those under the Railway Ministry and the Defence Ministry for which basic medical qualifications have been prescribed. Similar posts in Centrally administered areas will also be included. The various posts borne on the cadre of the service (referred to as duty posts) will be determined as described in Section II. The authorised strength of the service and the different grade will be regulated in relation to duty posts as described in Section III. Initial constitution of the service will be made as described in Section IV.

The service will be maintained in future, that is to say, recruitment, training, deputation, promotion, transfer, leave and other conditions of service will be regulated as described in Section V.

2. The Ministry of Health advised by a committee shall be the Controlling Authority. The constitution of the Committee will be settled by the Health Ministry in consultation with other Ministries participating in the Scheme.

SECTION II—SCHEDULE OF DUTY POSTS

3. Duty posts will be divided into the following categories:—

Category A—Senior Administrative posts with a selection grade which would include the post of Director General of Health Services.

Category B—Junior Administrative posts.

Category C—Senior posts.

Category D—Junior posts.

4. Duty posts of each category will be classified as one or other of the following three types:—

Permanent—These are posts for which financial sanction has been accorded on a permanent basis.

Semi-permanent posts—These are posts which are neither permanent nor purely temporary in the sense defined below.

Temporary posts—These are posts for which financial sanction has been accorded on a temporary basis and which are not expected to be retained for a period of three years following the date on which the classification is made or revised.

5. The Controlling Authority will, after making the necessary enquiries, prepare a schedule of duty posts. The schedule will show—

(a) the total number of duty posts of each category including those under the control of other Ministries;

(b) how many of such posts are permanent; semi-permanent and purely temporary.

The schedule thus prepared will be revised annually on the 1st March and will provide the basis on which the authorised strength of the service and the different grades therein will be defined.

SECTION III—GRADES AND AUTHORISED STRENGTH

6. (1) There will be five grades of members of the service. Grade I to IV will be Class I; Grade V will be Class II. They will carry the following scales of pay:—

Grade I—Rs. 1600-100-2000 (Selection grade Rs. 2750/- for holders of the post of D.G.H.S.) Rs. 2000-125-2250/- for officers of the (selection grade other than the D.G.H.S.)

Grade II—Rs. 1300-60-1600

Grade III—Rs. 600-40-1000-50/2-1150

Grade IV—Rs. 350-350-380-380-30-590-EB-30-770-40-850.

Grade V—Rs. 260-15-440-20-500.

(2) Subject to the provisions of paragraph 14, posts of Category A shall be manned by officers of Grade I, Category B posts by officers of Grade II, Category C posts by officers of Grade III and Category D posts by officers of Grade IV and V provided that the total number of officers holding selection grade posts excluding the Director General of Health Service will not exceed 20% of the duty posts in Grade I subject to a minimum of three posts.

(3) Members of the Service appointed to the post of Director General will receive Rs. 2750/- while members appointed to the selection grade of grade I will draw a pay of Rs. 2000-125-2250.

7. The authorised permanent strength of each grade of the service will be fixed by the Controlling Authority with the concurrence of the Finance Ministry in the following manner:—

(i) It will be assumed that 50% of the total number of semi-permanent posts are likely to be continued indefinitely in one form or another and will be provided for in the permanent strength. All the purely temporary posts and 50% of the semi-permanent posts will be excluded in determining the permanent strength.

(ii) The authorised permanent strength fixed on this assumption will be reviewed annually on the 1st of March and refixed, if found necessary, with reference to the changes occurring in the schedule of duty posts. If as a result of such annual refixation, the permanent

authorised strength is reduced, effect will be given to such reduction by equivalent reduction in the rate of direct recruitment in the service and promotion from grade to grade.

(iii) Normal leave, training and deputation reserve may be provided in the appropriate grades of the service.

SECTION IV—INITIAL CONSTITUTION OF THE SERVICE

8. After the authorised permanent strength of the service as well as each of the grades has been determined, the initial constitution of the service will be undertaken.

9. (1) All persons holding posts encadred in the service on the date of sanction of the Scheme shall be eligible to be considered for appointment to the Service at its initial constitution.

(2) Persons who hold substantively permanent posts encadred as Category A posts shall be appointed automatically to Grade I of the Service.

(3) The cases of persons who are not confirmed in Grade I under sub-para (2) above will be considered by a Committee consisting of representatives of participating Ministries and lists of officers considered suitable for appointment to each grade will be drawn up. These graded lists will be forwarded to the Union Public Service Commission by the Ministry of Health. The Commission will, after considering the recommendations of the Ministry of Health as well as the reports on the officers and, if necessary, interviewing them, arrange them in order of merit for each grade.

(4) Appointments to each grade will be made in the order of merit recommended by the Commission to the extent vacancies are available: Provided that persons who hold substantively permanent posts other than category A posts encadred in the Service shall be appointed to the corresponding grade of the Service as indicated below, unless they are appointed substantively to a higher grade:—

Permanent holders of Category B posts—Grade II

Permanent holders of Category C posts—Grade III

Permanent holders of Category D posts (Class I)—Grade IV.

Permanent holders of Category D posts (Class II)—Grade V

SECTION V—FUTURE MAINTENANCE

10. (1) 25% of the vacancies occurring in Grade V shall be filled by promotion from Class III officers on the basis of merit provided suitable officers are available. All the remaining vacancies shall be filled by direct recruitment by the Controlling Authority in consultation with the Union Public Service Commission. Age and educational qualifications for direct recruitment shall be prescribed by the Controlling Authority in consultation with the Union Public Service Commission.

(2) Officers of Grade V, who have put in not less than 12 years service in that grade, will be eligible to be considered for promotion to Grade III in 20% of the vacancies in that Grade. The promotion will be made by selection based on merit on the advice of the Union Public Service Commission.

11. (1) 30% of the vacancies occurring in Grade IV shall be filled by promotion from officers of Grade V on the basis of merit provided suitable officer with a minimum of 5 years' service to their credit are available. All vacancies in Grade IV not filled by promotion shall be filled by direct recruitment through the Union Public Service Commission. The age and educational qualifications shall be prescribed by the Controlling Authority in consultation with the Union Public Service Commission.

(2) Officers of this grade will be eligible for promotion to Grade III in 80% of the vacancies in that grade provided suitable officers are available. The promotion will be by seniority subject to fitness.

12. Grade III.—(a) 20% of the vacancies in Grade III shall be filled by promotion of officers of Grade V and the remaining vacancies by promotion from officers of Grade IV provided suitable officers of those Grades are available.

(b) Officers of this Grade, who have rendered 10 years' service in Category 'C' or equivalent posts, shall be eligible for appointment to Grade II.

13. Recruitment to Grade I & II shall ordinarily be made by promotion, on the basis of merit as assessed by a Departmental Promotion Committee consisting of a member of Union Public Service Commission, Secretary, Director General and another member nominated by the Advisory Committee, of officers of the next lower grade provided suitable officers are available.

14. The post of Director General shall ordinarily be filled from among officers of the service. But the Controlling Authority shall have the discretion to fill it by recruitment from the open market through the Union Public Service Commission or by the transfer of an officer employed under a State Government.

15. Where suitable officers are not available for appointment to Grades I, II or III from the grades from which promotion is normally made or where in the public interest the Controlling Authority considers it necessary to do so, recruitment to these Grades may be made through the Union Public Service Commission, from the open market or by transfer of officers employed under the State Governments or local or Statutory Bodies in consultation with Union Public Service Commission.

16. Persons recruited otherwise than by promotion shall ordinarily be on probation for a period of two years during which period they shall undergo such training as may be prescribed by the Controlling Authority.

17. Members of the service may be deputed for service in posts under State Governments and Statutory or Local Bodies on terms which may be agreed to between the Controlling Authority and the State Government or Statutory or Local Body concerned.

18. (a) Nothing in the Provisions regarding pay contained in this Scheme shall affect the scale of pay to which pre-1931 entrants or officers of the former I.M.S. (Civil) are entitled.

(b) Nothing contained in this Scheme shall affect the substantive pay and scale of pay of officers holding permanent posts encadred in this Service on a substantive basis; nor shall the provisions of the Scheme have the effect of reducing the actual pay drawn by persons who are on the date of implementation of the Scheme, holding posts encadred in the Service and are appointed to the corresponding grade of the service.

19. Leave, pension and other conditions of service will be as for other officers of the Central Services of corresponding grades.
